Table system
— design Marco Marani

Classici contemporanei.

Quando il design —
incontra la funzionalità
nascono segni contemporanei
di un'estetica che si adatta
ad ogni spazio e stile abitativo.

—— Classic and contemporary.
When the design joins the practicality create a contemporary
appearance appropriate for all the residential uses.

—— Classiques et contemporaines.
Quand le design s'unit au caractère fonctionnel naît une
esthétique adaptable à tous les espaces résidentiels.

—— Modern und klassisch zugleich.
Wenn Design und Funktionalität zusammenkommen,
erscheint eine Aesthetik die sich an jedes Ambiente anpasst.

table

Happy

Struttura: base in acciaio cromato o verniciato.
Piedini in feltro.
Piano multistrato impiallacciato in essenza o in laminato,
o MDE.
